

EXECUTIVE PROFILE

Josh Winkler

Head of Technology

Josh Winkler has nearly a decade of experience in the EV industry having been an instrumental member of the technology team of Blink's predecessor, Ecotality. He has an in-depth understanding of product design for electric vehicle service equipment and is responsible for Blink's design of the IQ 200 80-amp Level 2 AC charging station.

Blink Charging

Founded in 2009, Blink is dedicated to slowing climate change by reducing greenhouse gas emissions caused by transportation. We're a driving force in the EV industry, paving the way for the growth and adoption of electric vehicles.

It is our goal to combine **innovative technologies** with **stylish designs** to create products and services which support the advancement of clean and sustainable infrastructure solutions
